VETERINARY Equipments

"We make You Believe"

FOUNDER Of The Company

Mr. Faiz Ahmad (Late)

Kurdson Industries has been fulfilling its clients' expectations for the last 5 decades. Starting from surgical instruments, we succeeded in manufacturing high quality Veterinary products and Insemination equipment with the state-of-the-art machinery.

Kurdson was founded by late Mr. Faiz Ahmad in Sialkot in the 40s of 20th century. Moved to Lahore in 1989, with the aim to serve our customers with dedication and commitment while keeping an eye on the thriving market of livestock products. Kurdson attained the services of industry experts to produce high quality products and that is why we have been so successful in our exports especially in the regions of United States, Europe, Africa, and Middle Eastern States.

Kurdson Industries is ISO 9001-8000 and CE Certified and has maintained the standard of products to win its customer's trust. From the purchase of raw material to their final finishing to packaging, we ensure our products sustain all-weather changes, maintain hygienic standards and reach the customer on time.

Message from the
Chief Executive

M. Talat Zameem Ahmad

Welcome to the world of Kurdson Industries. Being the CEO of this esteemed company brings me great joy but also huge responsibility of consistently providing the highest value to our customers through our quality product offerings. The moment I joined this company I have strived to learn the necessary skills that would improve the production processes, operations, and eventually the product. We got the required CE and ISO certifications and started exporting all the veterinary equipments to the world. In these changing times, I keep my learning curve upward in order to consistently create, communicate, and deliver value to our ever-amazing clients. I hope to continue to provide our clients with new, innovative, and high-tech solutions in the future as well.

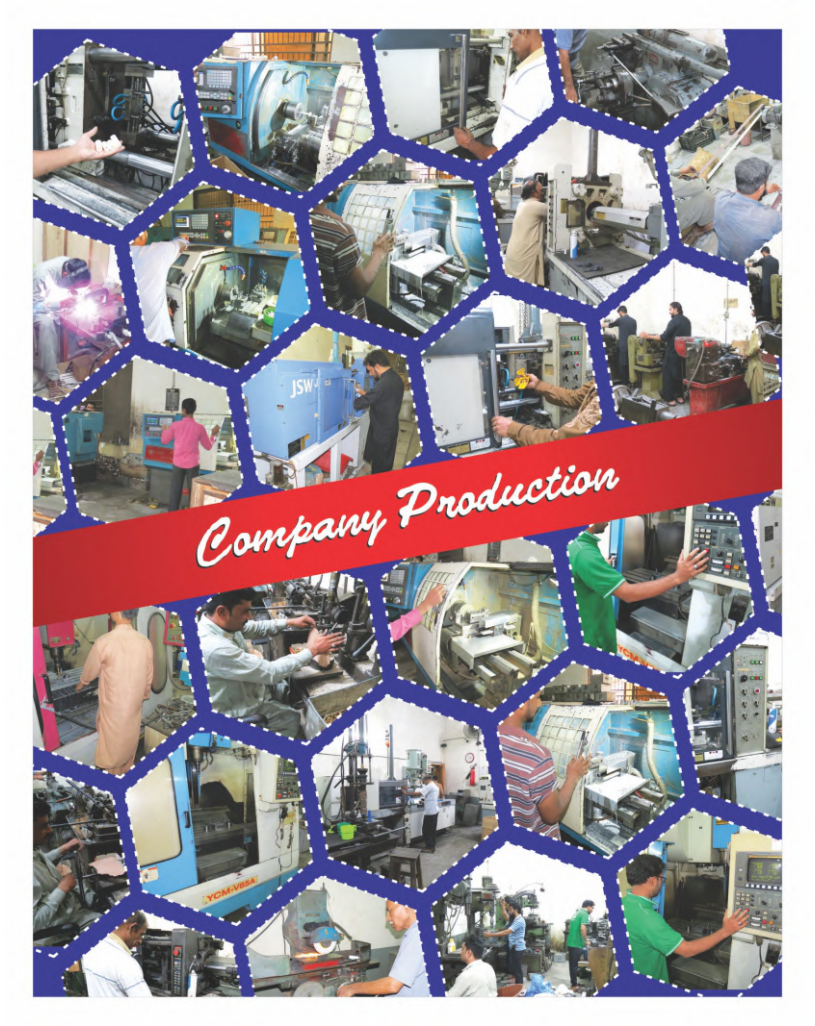

Message from the
Managing Director

M. Balawal Ahmad

Working in this amazing company as the Managing Director is an honour for me. Our company is built on the strong values of integrity, teamwork, ethics, customer satisfaction, and innovation. Kurdson has been exporting high quality Veterinary Equipment to the world along with providing the clients with an excellent after-sale service. These consistent efforts of providing the best product offerings is what helps us in maintaining long term cordial relationships with our clients. My aim, as the Managing Director of this well reputed company, is to understand the changing market needs and introduce new, innovative products for our clients in a timely manner. We shall abide by our core values at all times to further strengthen our motto i.e.,
"We Make, You Believe"
